

## BRAKE & CLUTCH CLEANER MP 500ml

**Product Code:** AER008 | **Revision:** 20230313

Powerful and rapid drying multipurpose brake & clutch cleaner.

### Available Pack Sizes

### Applications

Brake & Clutch Cleaner MP is a powerful blend of solvents designed as a quick, easy and safe way of removing dust and contamination from brake drums and clutch assemblies during routine maintenance service checks. This product will efficiently remove grease, oil and brake fluid residue without damaging seals or friction materials.

### Performance Levels

Shake can well before use.  
Spray directly onto the component or surface from a distance of 15-30cm.  
Wipe with a lint free cloth or swab.

### Benefits

- Can be used on many other surfaces as a powerful cleaning agent.
- Compatible with neoprene seals.
- Non-staining & colourless.
- Powerful multipurpose solvent cleaner & degreaser.
- Quick and easy to use.
- NB: Not suitable for use on most plastic or rubber components.

### Typical Test Data

Appearance	Colourless liquid.
Flash Point (°C)	<-0
Odour	Solvent
Relative Density	0.68

The typical test data provided is taken from average values, there will be some variability in production and therefore do not constitute a specification.

### Recommendations

- A Safety Data Sheet is available for consultation at [www.aztecoils.co.uk](http://www.aztecoils.co.uk).
- Do not spray onto hot surfaces or near open flames.
- May damage paintwork, test on an inconspicuous area before use.
- Packaging should not be left exposed to elements.
- This product should not be stored in direct sunlight, protected from frost and fluctuations in temperature.
- When disposing of the product after use, please protect the environment and comply with local regulations.

In line with our policy of continued improvement, Aztec Oils reserve the right to change specifications and availability without prior notice. This product, used according to our recommendations and for its designed application, does not represent any particular risk. The information present in this technical data sheet is indicative of the product and is given in good faith, but should not form part of any specification.
