

## MAINTENANCE MP SPRAY 500ml

**Product Code:** AER001 | **Revision:** 20231027

Powerful multipurpose penetrating & dewatering spray.

### Available Pack Sizes

### Applications

Powerful multipurpose penetrating and dewatering spray that lubricates and protects. Actively drives out moisture from hard-to-reach areas and leaves a fine, long-lasting lubricating film which penetrates deep into seized and corroded parts to ease the dismantling of equipment.

### Performance Levels

Can be used to prevent corrosion of steel, brass, copper or aluminium fittings.  
Safe to use on any electrical components such as starters, alternators, electrical motors, switch gear, high and low tension cables.  
Shake can well before use.  
Spray directly onto the component or surface from a distance of 15-25cm and allow to penetrate or form a film.

### Benefits

- Combats water and steam in electrical components.
- Drives out moisture and protects against corrosion.
- Fast acting and easy to use.
- Penetrates and releases seized and corroded parts.
- Non staining and long lasting lubrication.

### Typical Test Data

Appearance	Light brown liquid.
Flash Point (°C)	<-40
Relative Density	0.684
Solubility	Insoluble in water.

The typical test data provided is taken from average values, there will be some variability in production and therefore do not constitute a specification.

### Recommendations

- A Safety Data Sheet is available for consultation at [www.aztecoils.co.uk](http://www.aztecoils.co.uk).
- Contains a butane/propane propellant.
- Do not spray onto hot surfaces or near open flames.
- Electrical circuits should be switched off during application and until solvent has evaporated.
- Packaging should not be left exposed to elements.
- This product should not be stored in direct sunlight, protected from frost and fluctuations in temperature.
- When disposing of the product after use, please protect the environment and comply with local regulations.

In line with our policy of continued improvement, Aztec Oils reserve the right to change specifications and availability without prior notice. This product, used according to our recommendations and for its designed application, does not represent any particular risk. The information present in this technical data sheet is indicative of the product and is given in good faith, but should not form part of any specification.
