

## WHITE GREASE 500ml

**Product Code:** AER015 | **Revision:** 20230313

Versatile lithium grease spray, reinforced with PTFE.

### Available Pack Sizes

### Applications

Specialist white lithium grease with PTFE for long lasting protection against corrosion. Ideal for metal-to-metal applications to ensure tools and equipment keep moving smoothly, without friction or seizing. Safe to use on almost any surface including plastic, rubber, glass, ferrous and non-ferrous metals.

### Performance Levels

Ideal for lubricating gears, cogs, bearings, cams or pulleys, particularly where they are exposed to the elements. Shake can well before use. Spray directly onto the component or surface from a distance of 20-30cm.

### Benefits

- Contains PTFE for improve load bearing and slip properties.
- Highly water resistant.
- Rapidly thickens after application.
- Superb resistance to corrosion.
- Wide operating temperature range.

### Typical Test Data

Appearance	Viscous white grease
Flash Point (°C)	< -40
Odour	Slight solvent
Operating Temperature Range (°C)	-30 - 130 (intermittently up to 175)
Relative Density	0.684
Solubility	Insoluble in water.

The typical test data provided is taken from average values, there will be some variability in production and therefore do not constitute a specification.

### Recommendations

- A Safety Data Sheet is available for consultation at [www.aztecoils.co.uk](http://www.aztecoils.co.uk).
- Contains a butane/propane propellant.
- Do not spray onto hot surfaces or near open flames.
- Packaging should not be left exposed to elements.
- This product should not be stored in direct sunlight, protected from frost and fluctuations in temperature.
- When disposing of the product after use, please protect the environment and comply with local regulations.

In line with our policy of continued improvement, Aztec Oils reserve the right to change specifications and availability without prior notice. This product, used according to our recommendations and for its designed application, does not represent any particular risk. The information present in this technical data sheet is indicative of the product and is given in good faith, but should not form part of any specification.
