

AUTOFARM **15W/30**

PRODUCT DESCRIPTION

Autofarm 15w/30 (SUTO) is designed to cover virtually all the lubrication requirements of agricultural machinery including farm tractors. It provides excellent high and low temperature stability, high standards of engine cleanliness and good oxidation resistance. Its natural high lubricity offers lower internal friction for reduced engine wear.

APPLICATIONS

Engine oil: Autofarm 15w/30 is suitable for all four stroke, naturally aspirated and turbocharged diesel engines and four stroke petrol engines.

Hydraulic oil: Autofarm 15w/30 has good oxidation resistance, thermal stability and low temperature performance.

Transmission oil: Autofarm 15w/30 has been primarily formulated to be used in farm tractors and other plant where the transmission contains oil immersed wet brake systems.

BENEFITS

- Natural high lubricity.
- Good anti-foaming and air release properties.
- Excellent anti-wear protection.
- Helps reduce wet brake noise.
- Suitable for most agricultural machinery requirements.
